

Poly-Char 2026
(Smart, Sustainable & Data-Driven Polymeric Materials:
From Molecular Design to Circular Applications)
November 22-25, 2026 @Chiang Mai, Thailand

Invited Speakers

Dong Wang

Beijing University of Chemical Technology, China

Dong Wang received his Ph.D. in Materials Science and Engineering from Tsinghua University in 2008. He was a Research Associate at Tohoku University from 2008 to 2011 and then an Assistant Professor at the same institution from 2011 to 2015. He also spent one year as a Visiting Scholar at the University of Massachusetts Amherst from 2012 to 2013. Since 2015, he has been a Full Professor at the College of Materials Science and

Engineering and the State Key Laboratory of Organic-Inorganic Composites, Beijing University of Chemical Technology. His research focuses on the relationships among polymer processing, structure, and properties in polymer blends, nanocomposites, and dynamic polymer networks. He currently serves as an Editor of Polymer.
