

Poly-Char 2026
(Smart, Sustainable & Data-Driven Polymeric Materials:
From Molecular Design to Circular Applications)
November 22-25, 2026 @Chiang Mai, Thailand

Keynote Speakers

Wenbing Hu

Nanjing University, China

Wenbing Hu received his Bachelor and PhD's degrees in polymer sciences from Fudan University separately in 1989 and 1995. Then he took postdoc positions separately in Germany, United States and Netherlands. His main research interests are polymer physics, in particular, crystallization. He was elected as APS Fellow in 2020.
