

Poly-Char 2026

(Smart, Sustainable & Data-Driven Polymeric Materials:
From Molecular Design to Circular Applications)
November 22-25, 2026 @Chiang Mai, Thailand

Invited Speakers

Yanchun Han

Changchun Institute of Applied Chemistry, Chinese Academy of Sciences, China

Yanchun Han is a professor of Changchun Institute of Applied Chemistry, Chinese Academy of Sciences since 2000. She received her B.S. degree from University of Science and Technology of China (USTC) in 1990 and her Ph.D. degree from Changchun Institute of Applied Chemistry (CIAC), Chinese Academy of Sciences (CAS) in 1995. After working as a postdoc/visiting scholar at the University of Naples, the University of Kaiserslautern (Alexander von Humboldt Research Fellow), and the University of Michigan, she joined the State Key Lab of Polymer Physics and Chemistry, CIAC, as a full professor in 2000. Her main research is focused on the relationship between polymer structure, processing and properties. She is consecutively selected for Elsevier's "Highly Cited Chinese Researchers". She now serves a Co Editor-in-Chief of POLYMER (Elsevier).
