

Poly-Char 2026

(Smart, Sustainable & Data-Driven Polymeric Materials:  
From Molecular Design to Circular Applications)  
November 22-25, 2026 @Chiang Mai, Thailand

## Plenary Speakers

### Zhibo Li

College of Chemical and Biological Engineering, Zhejiang University,  
China

**Zhibo Li** obtained his B.S. (1998) and Master (2001) degrees from the University of Science and Technology of China (USTC). In 2006, he completed his Ph.D. at the University of Minnesota under the supervision of Prof. Tim Lodge and Prof. Marc Hillmyer. He then joined the group of Prof. Tim Deming in University of California, Los Angeles, as a postdoctoral fellow. In late 2008, he became a faculty member at the Institute of Chemistry, and moved to the Qingdao University of Science and Technology in 2014. Since January 2025, he has

been a professor in the College of Chemical and Biological Engineering of Zhejiang University. His current research interests include organocatalysts for ROP of cyclized monomers and circular-loop recyclable polymers.
