Invited Speakers

Dimitrios N. Bikiaris

Aristotle University of Thessaloniki, Greece

Dimitrios N. Bikiaris is Chemist and Professor at the Chemistry Department of Aristotle University of Thessaloniki. His research interests include the synthesis and characterization of polyesters and copolymers, biobased and biodegradable polymers, preparation and characterization of composites and nanocomposites, polymer blends, 3D printing, polymer recycling, modification of natural polymers, use of polymers for contaminants removal, microplastics and application of new biocompatible polymers in tissue engineering and pharmaceutical technology. His scientific work has been published in more than 626 papers, with over 32.000 citations, and h-index 93 (scopus). He has also written 4 chapters in international scientific books and he holds 17 international and 2 Greek patents. He has participated in more than 73 research projects and is coordinator in 3 EU funded projects.
